

PROJECT REQUEST

Details about your project

1 Personal information

First and last name

E-mail

Phone

VAT-ID / VAT-No.

Customer number, if applicable

Company

Street, house number

Postcode, place

Country

2 Project information

2.1 Object data

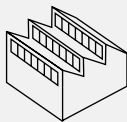

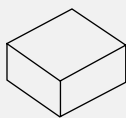

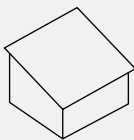

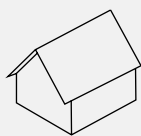

Street, house number

Postcode, place

Country

Project name, if applicable

2.2 Roof type

Gable roof

Pent roof

Flat roof

Shed roof

Other (please fill in)

Roofing (example: tiles, beaver-tail, gravel fill, corrugated fiber cement, etc.)

Roof pitch (example: 32°)

Roof dimensions (length x width in meters)

Building height (example: 12 meters)

Alignment (example: 0° south / -100° east / +10° west)

2.3 Roof substructure

☐ Vertical (rafters)

☐ Horizontal (purlins)

Dimensions rafters / purlins (width x height in meters)

Spacing rafters / purlins (example: 120 cm)

Material rafters / purlins (example: wood / metal)

Single cable length (from inverter to PV generator in meters)

2.4 Performance

Offer solar panel: Please enter the desired power of the module

Own module: Please enter module type (brand, model)

☐ Maximum occupancy

☐ Individual performance

Individual performance: Please enter performance

2.5 Your comments

Further information and the download of the assembly instructions you will find on our homepage www.tritec-energy.com.
